## Your library account

- ... is needed for borrowing media.
- ... allows you renewing the loan period.
- ... allows you making reservations of books currently on loan.
- ... is needed for accessing media from home, e.g. eBooks.
- ... is different from your URZ account.

### *Flip card*

On the back of the card, next to the barcode, you will find a number starting with 3100... or 3101... .

This number is your library user ID. The initial password is your birthday in format *DDMMYY*.

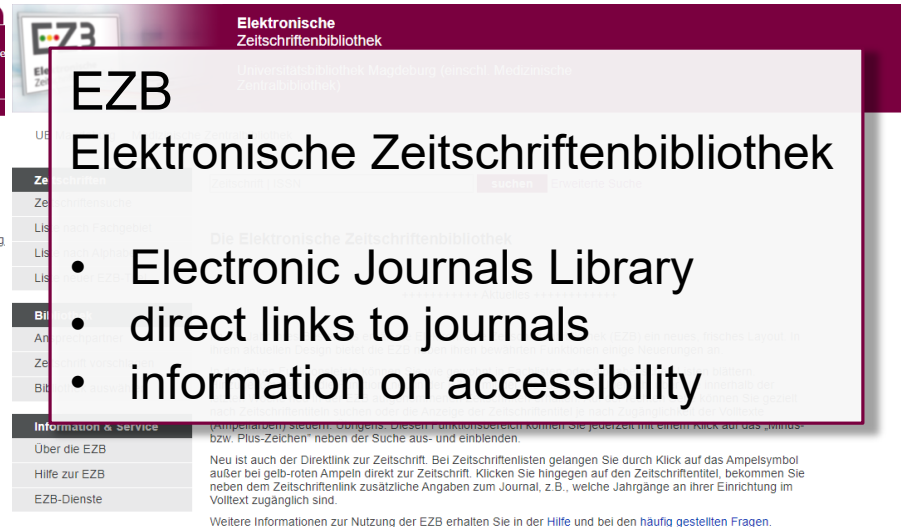

We highly recommend changing the password.

about the database welcome

GVK - GBV Union Catalogue

This is the freely accessible extract of the KITplus cataloguing databases of the Common Library Network (GVN) and the Library Network Southwest Germany (GWS) with the holdings of GVB libraries and SVB libraries. The particulars of all subscription libraries and other university libraries from Germany are also included.

The Common Union Catalogue (GVK) covers the holdings of over 80 million records of books, conference proceedings, periodicals, dissertations, theses and electronic resources of more than 1.500 member libraries GVN and the SVB.

Access is free of charge.

Titles having only holdings of SVB libraries are not displayed. These titles can usually be requested by the InterLibrary Loan outside of the GVN.

Ready at this time can be ordered via InterLibrary Loan (ILL) or via the document delivery service.
