Awareness Portal

Welcome to the AWARENESS PORTAL – a reporting platform for cases of discrimination, disadvantage, (sexual) harassment and violence as well as for feedback on studying and teaching.

A main goal of the portal is to provide a supportive environment where you can feel free and safe to share your experience or concern quickly and easily without worrying about possible consequences. Everyone is aware of the need to maintain confidentiality and the sensitivity of the issue. Be encouraged to report cases of discrimination. Every single report helps to raise awareness, initiate change and shape a more equal opportunity university.
